

The Canon GOLD CUP

CHARITY WINS

Charity is said to begin at home but on Saturday, August 2, charity will be in full swing at Greyville Racecourse on Canon Gold Cup Day.

The R1,2-million, Grade 1 Canon Gold Cup has been a favourite among KwaZulu-Natal racegoers for decades, traditionally featuring fashion of a more elegant nature and in recent years Gold Circle has used the racemeeting as the company's "day of thanks", the day when it shows its appreciation for the local support of the public and the country's owners and trainers who have maintained the high standard of racing in the province.

For the fifth year running Gold Circle is providing marquees, tables and chairs free of charge for each of the charities which in turn will provide the décor and the catering for their guests.

So if you want a wonderful day at the races this is a great way to support the charity of your choice. Watch the press for details nearer the date of the race for individual charity contact numbers.

In addition, as part of their thank you drive, Gold Circle will be giving away several prizes during the day and, of course, 12 exciting races headed by the Canon Gold Cup itself.

Fashion will also be a major part of the day with special fashion shows and competitions.

This is a special day and a special racemeeting, so make sure you are part of it on Saturday, August 2.
