The All to Come bet

BETTING MADE EASY!

What is it? The All-To-Come allows you to take up to six Win or Place bets for the cost of just one original stake. If your first bet wins, all your winnings become your stake for the second bet, and so on. You must take a minimum of two bets, and a maximum of six. The bets must all be on the same racemeeting, but not necessarily consecutive races.

Why would I take one? Convenience - plus the advantage of multiplying your stake value each time you win - for no extra cost!

What's it cost? R1- but you must take the bet a minimum of six times.

How do I ask for it? You must tell the tote operator which venue you are betting on and then the race number of your first bet. Choose a Win OR Place - not both - and specify the horse number. Then specify each race number you wish to bet on, and repeat the process.

Or... You can mark this bet on a Betmark card and hand it to a tote operator. Remember - specify the amount of your opening stake, minimum R6.

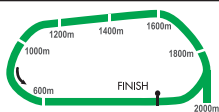

Future Events – From time to time TAB will operate a special ALL TO COME which will allow customers to include a bet on a selected race at a FUTURE race meeting. In these cases, the last grid of the card must be completed in the normal way with either FUTURE 1 or FUTURE 2 marked to denote the special event (watch press for details).

Scratchings: If a selected horse is scratched your stake is transferred to the next subsequent race.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

The Bipot bet

What is it? To win a Bipot you must predict the winner or second-placed horse in all of the six consecutive races designated in the racecard as Bipot races.

Why would I take one? In a Pick 6, you have to predict six consecutive winners, whereas in the Bipot your selection can win or come second. In the Place Accumulator your selection can finish anywhere in the top three, but you must do that over seven consecutive races. The Bipot gives you an 'in-between' alternative.

What's it cost? Your straight line Bipot will cost you R1 but must be taken six times to satisfy the minimum bet requirement. You may include more than one horse in any of the races i.e. a Permutation.

BETTING MADE EASY!

Costs:

Straight line = R1 (take six times)
Easy permutation: 2 horses in each leg = R64

Tip: if you want to cut down the cost of your permutation, use Fractional betting e.g. R64 permutation taken for R25 will give you 39.06% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Bipot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

The Exacta bet

BETTING MADE EASY!

What is it? To win an Exacta you have to predict two horses to finish first and second in the exact order.

Why would I take one? There are 2 horses in the race that you really fancy. You could take them as a Swinger - lower risk but also invariably a lower dividend. So you opt for the Exacta - harder to win than the Swinger, but will pay more if you do!

What's it cost? Your 2-horse 'straight line' Exacta will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning, you can also 'box'* your 2 horses, or more than 2 horses. This will cost you:

- 2 horses 'straight line' = R1 (take 6 times)
- 2 horses 'boxed' = R2 (take 3 times)
- 3 horses 'boxed' = R6
- 4 horses 'boxed' = R12

* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take an Exacta on. For a simple 'straight line' Exacta, give your horse number for 'first' followed by your horse number for 'second'. If you're boxing, simply call your numbers and specify that you want them boxed. End off by stating how many times you want to take the bet. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

"Form" is information! BETTING MADE EASY!

The basic theory of form is that a horse's past performances are a good indicator as to how well it will run in the future.

Your challenge, when studying form, is to answer the question:

"Given all this information, how will each horse perform today?"

The formline gives you literally hundreds of variables to ponder – and serious students of form are fascinated by all of it. To keep it simple, we suggest you stick to studying three main aspects to start with:

1. Finishing Position. Has the horse won recently? Has it placed recently? Does it consistently run unplaced?

2. Lengths Behind. When beaten, has the horse been well-beaten, or only narrowly-defeated?

3. Distance. Has the horse competed over today's race distance – or reasonably similar distance – before? If so, how did it do?

You can find your form in the official racecard, several commercially published formguides, or in the newspapers.

Full unit versus Fractional betting BETTING MADE EASY!

Full unit betting means that you pay the full cost of the bet you're taking and, if you win, you are entitled to the full dividend.

Fractional betting - as the name suggests - allows you to pay for just a fraction of the cost of the bet and, if you win, collect a corresponding fraction of the dividend.

Here's an example: Having looked at the form, there are 5 horses you fancy. You decide to box them in a Quartet. Your Easi-Calc tables tell you that, at full unit, this will cost R120. You only want to spend R60. That's what fractional betting allows - you box your 5 horses for R60 - that is 50% - and you will collect 50% of the dividend if you win.

NOTE: Fractional betting is only available on 6 bet types: *Trifecta, Quartet, Jackpot, Pick 6, Bipot, and Place Accumulator.*

OCT. 30 & 31, 2026

LEXINGTON, KY

THE CUP IS *Calling*

The Breeders' Cup World Championships are returning to Keeneland on Oct. 30 & 31, 2026. Be part of the action and witness the world's greatest Thoroughbreds compete over two days across 14 championship races.

HORSE WEIGHTS (PPW)

Current horse weight with colours to indicate variance from Peak Performance Weight (PPW)

PPW or Peak Performance Weight is the average weight for up to the last 5 runs where horse finish from 1 to 4. At least 2 runs finishing in the top 4 are required to calculate.

505	Difference <= 1.5% from PPW - 0 to 7.5kg for PPW of 500kg
510	Difference > 1.5% < 3% from PPW - 7.51kg to 15kg for PPW of 500kg
520	Difference > 3% from PPW - Over 15kg for PPW of 500kg
500	Not enough data available to calculate PPW

PREVIEW

8 KLEIN KAROO stayed on well for second behind District Master on the 13th of January, the blinkers stay on, and he drops in trip to 1250m on Wednesday, with some luck in running, he will go close to winning. 4 RED WAVE never runs a bad race, he stayed on nicely for third behind Behave Harris on the 17th of January at Hollywoodbets Durbanville, top jockey Richard Fourie has been booked to ride this gelding, he will be right there in the finish. 11 SKY ROCKET finished just over four lengths behind Trailfinder on the 13th of January, both his runs to date have been good, if he beats the wide draw here, he will be amongst the places. 1 ROYAL INFLUENCER has been rested and gelded, he finished just over ten lengths behind Magical Place on debut, if he doesn't need the run badly on Wednesday, he could be a serious danger from a good draw. (Brandon Bailey: 8 - 4 - 11 - 1)

The Jackpot bet

BETTING MADE EASY!

What is it? In every racecard there will be 4 consecutive races designated as the 'Jackpot' races. Your job is to predict the winner of each of those races. As simple as that.

Why would I take one? Jackpot dividends are invariably larger than the sum of the Double dividends on the same races, and you want to participate in these lucrative payouts!

What's it cost? Your 'straight line' Jackpot (1 horse per leg) will cost you R1, but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning however, you can choose to include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line (1 horse in each leg) = R1 (take 6 times)

Easy permutation: 2 horses in each leg = R16

Easy permutation: 3 horses in each leg = R81

Tip: If you want to cut down the cost of your Jackpot permutation, use Fractional betting. e.g. an R81 permutation taken for R60 will give you 74.07% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Jackpot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend – Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule...Does not apply to the Jackpot.

Scratchings: There are no refunds on scratchings. If a horse is scratched it is automatically replaced with the Totallisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

PREVIEW

9 ALESSIAASHEVILLE could be some serious value here, she ran a great race behind Raffish Trend on the 21st of January, she was drawn wide on that occasion, and she still managed to finish second, she has run some of her best races at Hollywoodbets Durbanville, with no weight on her back on Wednesday, she could pop up at a big price. 1 GIMME THE POWER was doing some good work late for third behind Raffish Trend last time, the blinkers have been fitted, and she has a good draw, there should be no excuses for this filly, include her into all bets. 2 STELLAR GUIDANCE caught the eye late on debut behind Wyze Declaration on the 17th of December, she was only beaten just over three lengths at the line, with natural improvement expected on Wednesday, she definitely has a winning chance. 3 SPURIOUS ran a lovely race behind South Of France on the 17th of January, she ran fourth and was only beaten just over one length, on her best form, she could trouble them all. (Brandon Bailey: 9 - 1 - 2 - 3)

The Place Accumulator bet

BETTING MADE EASY!

What is it? To win a Place Accumulator you must predict horses that place in the top 3 in all of the 7 races designated in the racecard as 'Place Accumulator' races.

Why would I take one? This is a fun bet that's often played by individuals, office pools or mates at the races. Because your selection only has to run in the top 3, and not necessarily win the race, you have more of a chance to survive each leg and go on to collect some cash.

What's it cost? Your straight line Place Accumulator will cost you R1 but must be taken 6 times to satisfy the minimum bet requirement. You may include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line = R1 (take 6 times)
Easy permutation: 2 horses in each leg = R128

Tip: If you want to cut down the cost of your permutation, use Fractional betting e.g. a R128 permutation taken for R60 will give you 46.87% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Place Accumulator bet. Then give your horse numbers stating clearly which horse numbers are to be included in each leg. End off by stating the amount you wish to spend – Full Unit, or a lesser Fractional rand value, OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

RESULT:					

PREVIEW					
6 LOUI'S STAR finished like a train for third behind Lark's Song on the 13th of January, her form of late is very good, she will be switched off early, and she will come with a big finish late, watch her closely. 1 HOMING PIGEON finished second in the same race as Loui's Star last time, she is honest, and she tries hard, from a good draw, she has a big winning chance in this field. 7 WHO IS SHE fought hard to run a nice race behind Amayah on the 21st of January, she is a young filly that will keep improving with more racing, the step up in trip to 1800m will help her chances, she can win no doubt. 8 WOMAN IN GOLD ran a shocking race at Hollywoodbets Kenilworth on the 13th of January, she is definitely much better than that poor performance, if she bounces back to her best form, she will make the finish interesting. (Brandon Bailey: 6 - 1 - 7 - 8)					

Permutations

BETTING MADE EASY!

How to calculate the cost...

A lady is about to dress for a day at the races, and she's fretting. What should she wear? Finally, she shortlists her options down to: 2 dresses, 7 pairs of shoes, 3 hats, and 5 handbags. This is a real help, because now she only has 210 possible ways to mix 'n match. She may even make it to the track on time for the main race!

210? How did we get that number?
Simply by multiplying
2 (dresses) x 7 (shoes) x 3 (hats) x 5 (bags).
Result = 210.

Calculate your Permutations the same way - count the number of selections you've made in each leg, and multiply to get the total combinations.

Here's a Jackpot example:

LEG 1	LEG 2	LEG 3	LEG 4
5	2	8	4
9	3	10	7
	5	13	9
	7		10
	10		15
	11		
	14		

2 x 7 x 3 x 5 = 210 x R1 = R210

Explanation: This Permutation results in 210 different straight line combinations.

The Pick 6 bet

BETTING MADE EASY!

What is it? In every race card there will be 6 consecutive races designated as the 'Pick 6' races. Your task is to predict the winners of all of those races.

Why would I take one? The Pick 6 is the BIG ONE. This is the one to catch. Lots of money to be made on this bet. Predicting 6 consecutive winners is never easy but is well worth a flutter, often returning a dividend many times bigger than the Jackpot.

What's it cost? Your straight line (1 horse in each leg) Pick 6 will cost you R1, but you need to take it 6 times to meet the minimum bet requirement of R6. To increase your chances of winning it is advisable to include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line (1 horse in each leg) = R1 (take 6 times)
Easy permutation: 2 horses in each leg = R64
Easy permutation: 3 horses in each leg = R729

Tip: If you want to cut down the cost of your Pick 6 permutation, use Fractional Betting, e.g. a R729 permutation taken for R60 will give you 8.23% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Pick 6 bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value, OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule in the Pick 6... If a horse that has not raced before wins a leg of the Pick 6, the first horse to finish of those in the race that has raced before will also qualify as a winner in the Pick 6.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

END RACE

RESULT:

PREVIEW

10 FREQUENT TRAVELLER has run two excellent races in succession, he moved up well to finish second behind Eric Liddell on the 4th of January, he drops back in trip to 1800m on Wednesday, if he gets some luck in running from a wide draw, he will be hard to beat. 3 FORT LIAM ran third in the same race as Frequent Traveller last time, the blinkers stay on, and he gets a good draw, he will run a big race, include him into all bets. 2 PHANTOM MAN just missed in his last start, he ran a great race for second behind Waloyo Yamoni on the 21st of January, top jockey Andrew Fortune sticks with this gelding, he should be there amongst the places. 7 I AM SAM has been a touch disappointing in his last two starts, he was well beaten by District Master on the 13th of January at Hollywoodbets Kenilworth, he should love the step up in trip, and the cheek pieces have been fitted, watch for sharp improvement from this good looking colt. (Brandon Bailey: 10 - 3 - 2 - 7)

The Pick 3 bet

BETTING MADE EASY!

What is it? To win a Pick 3 you must predict the winners of any three consecutive races.

Why would I take one? You must apply the principle of risk and reward. Your Pick 3 is harder to win than a Double, but is therefore likely to return a bigger dividend. Then again, a Pick 3 is easier to win than a Jackpot...

What's it cost? Your 3-horse 'straight line' Pick 3 will cost R1 - but you must take it 6 times to meet the minimum bet requirement: To improve your chance of winning, you can also take a 'Permutation' - several horses per leg.

'Straight line' = R1 (take 6 times)

Easy permutation: 2 horses in each leg = R8

Easy permutation: 3 horses in each leg = R27

How do I ask for it? You must tell the tote operator which venue you're betting on and then the race number of the first leg of the Pick 3 you wish to take. Then give your horse numbers stating clearly which horses are to be included in your first leg, second leg and third leg. End off by stating how many times you wish to take the bet. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

The Place bet

BETTING MADE EASY!

What is it? To win a Place bet you have to choose a horse that you think will finish in the first two if there are six or seven runners; in the first three if there are eight to fifteen runners; or in the first four if there are sixteen or more runners.

Why would I take one? You fancy a particular horse ...but you are not sure that it can win the race. You therefore take the safer option and bet your money on a horse to run a Place.

What's it cost? A Place bet on your horse will cost you R1 - but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)....but you will get paid out 6 times the

dividend if you win: 1horse = R1 (take 6 times)

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Place on. Then give your horse number and the amount you wish to spend. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

NOTE: You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

PREVIEW

2 KONNIGHIWA was very game in his last start behind Mente Et Manu on the 13th of December, he stayed on well for second in a driving finish, he never runs a bad race, from a good draw on Wednesday, he can certainly win a race like this. 1 TWILIGHT WARRIOR quickened up nicely to win a good race at Hollywoodbets Kenilworth on the 13th of January, he was given two points for that victory, he will be just off the speed early, and he will be running on strongly late, include him into all bets. 5 NOBLE HERO finished just under two lengths behind Twilight Warrior last time, he is in good form at the moment, he should be there amongst the places. 6 CHANCE ENCOUNTER finished just over three lengths behind Foudre on the 4th of January, the blinkers have been taken off, and he steps up in trip to 1800m, watch him closely. (Brandon Bailey: 2 - 1 - 5 - 6)

END RACE

RESULT:

PREVIEW

3 BEAUTIFUL SIDE finished third behind Gentleman Joe on the 4th of January, she is super consistent, she drops in trip on Wednesday to 1800m, and she has a good draw, she will be right there in the finish late. 4 MIDWAY won well at Hollywoodbets Durbanville on the 21st of January, he was given four points for that victory, even though he carries a big weight for this D Stakes race, he can be hard to peg back if he gets cheap sectionals in front. 6 GOLD INDEX ran third behind Midway last time, he was beaten just under two lengths at the line, Richard Fourie has been booked to ride this gelding, he will be competitive. 5 HELIOTROPE has been rested for 88 days, she is consistent, and she has dropped even further in the ratings, if she doesn't need the run badly, she could be the value horse in this tricky race. (Brandon Bailey: 3 - 4 - 6 - 5)

The Quartet bet

BETTING MADE EASY!

What is it? To have a winning Quartet bet you have to predict the first 4 horses past the post in the exact order.

Why would I take one? You fancy 4 horses in the race that you think can win or place. You could take the 3 you most fancy as a Trifecta, but, it's a case of risk and reward. Predicting 4 finishing positions is more difficult than predicting 3 - but the dividend is correspondingly higher!

What's it cost? Your 4-horse 'straight line' Quartet will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning, you can 'box'* your 4 horses, or more.

4 horses 'straight line' = R1 (take 6 times)

4 horses 'boxed' = R24

5 horses 'boxed' = R120

Tip: Use Fractional Betting to cut down the cost e.g. take this R120 boxed Quartet for R60 and you will get 50% of the bet.

* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Quartet on. For a simple 'straight line' Quartet, give your horse number for 'first' followed by your horse numbers for 'second', 'third' and 'fourth'. If you're boxing, simply call your numbers and specify that you want them boxed. End off by stating the amount you wish to spend - 'Full Unit', or a lesser 'Fractional' rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

The Swinger bet

BETTING MADE EASY!

What is it? To win a Swinger, you have to predict 2 horses that finish either first and second, or first and third, or second and third - and there is a dividend for each of these outcomes.

Why would I take one? Because you fancy 2 horses that you think can at least place - and you've calculated that the Swinger dividend on your chosen horses will pay more than the individual Place dividends combined. (TV monitors display progressive Swinger dividends.)

What's it cost? A Swinger bet on your horses will cost you R1 - but the minimum bet for a Swinger is R2. (All other horseracing bet types have a R6 minimum bet.) To increase your chances of winning, you can 'box'* more than 2

horses, and the cost rises like this:

2 horses = R1 (take twice to comply with R2 minimum)

3 horses = R3

4 horses = R6

5 horses = R10

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Swinger on. Then give your chosen horse numbers, and the number of times you want to take the bet. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

The background of the advertisement is a collage of two images. On the left, a woman is wearing a large, detailed fish costume with a pink and blue head and a large, white, feathery tail. She is looking towards the camera. On the right, a jockey in a pink helmet and green and white silks is riding a brown horse on a racetrack. The horse is galloping, and the jockey is leaning forward.

COLLECT YOUR WINNINGS TIMEOUSLY

It is in your own best interests to cash your winning tote tickets timeously. Winning tickets that are not cashed on the day of the race may be cashed for a period of 60 days after the race, either on course at a subsequent racemeeting or at a Tote outlet.

END RACE					
RESULT:					

PREVIEW					
4 TENPENNY quickened up like a smart horse to win a good race at Hollywoodbets Kenilworth on the 13th of January, he was given four points for that win, he has a wonderful turn of foot, there is no doubt that he will love the step up in trip to 2000m on Wednesday, he can win again. 7 UMFULA must have a big winning chance in this field, he moved up well enough behind Tenpenny last time, jockey Richard Fourie knows this gelding well, he will be just off the speed early, and he will be storming home late, watch him closely at a fair price. 2 LA PULGA is much better than his recent start behind Okavango on the 10th of January, the yard thinks highly of this gelding, he steps up in trip now to 2000m, if he bounces back to his best form, he will be competitive. 3 SONG TO THE MOON just got touched off by Tenpenny on the 13th of January, it was great to see him back in form, if he brings that performance to the races again on Wednesday, he will make the finish very interesting. (Brandon Bailey: 4 - 7 - 2 - 3)					

The Tote

(SIMPLE ARITHMETIC!)

BETTING MADE EASY!

Take 100. Divide it by 50. The answer is 2 . That's simple arithmetic - and it's how totalisator - or 'tote'- betting works.

Prior to a race, all the money bet on the various bet types goes into pools. When the race starts, the pools are frozen. A take-out is deducted, and a nett pool is declared. After the race, the nett pool is divided among all the winning tickets.

EXAMPLE: Assume a nett Win pool of R100 000, and assume there are 5 000 winning tickets. The dividend - or payout - is R20 for each R1 bet, therefore you would collect R120 for a R6 minimum bet.

PREVIEW

6 SOOTY was heavily backed in the market on the 13th of January, he was nailed on the line by Worldly in a close finish, it was a great race to watch, he has run some good races at Hollywoodbets Durbanville in the past, this looks to be the right race for him, he will be hard to beat on his best form. 2 WINTER PEARL has run three super races in succession, he ran third behind Mauritius Kestrel on the 13th of December in his last start at Hollywoodbets Kenilworth, from a good draw on Wednesday, he will go close. 9 MEET THE KING won his maiden impressively at Hollywoodbets Durbanville on the 17th of January, it was a great ride by jockey Andrew Fortune, this is a big step up in class for him, but he looks progressive. 3 DAWN'S EARLY LIGHT bounced back to his best form to run a good third behind Worldly on the 13th of January, he absolutely loves Hollywoodbets Durbanville, he could be the value horse from a good draw. (Brandon Bailey: 6 - 2 - 9 - 3)

Betting unit vs minimum bet **BETTING MADE EASY!**

All tote betting and subsequent calculation of payouts – is based on a unit of R1. But the tote requires a minimum spend of R6 per bet on all horseracing bet types except the Swinger, which has a R2 minimum.

This simply means that the basic cost of any bet, taken in its simplest form, is R1. To meet the minimum spend requirement on a R1 bet, you must take it 6 times!

- Exceptions:**
- The Swinger has a R2 minimum bet.
 - In the case of an 'each way' bet you only need to take the bet 3 times to meet the minimum requirement.

The Win bet

What is it? You must predict the first horse past the post – that's it!

Why would I take one? You have studied the racing information, or maybe you fancy a horse for no reason other than its look or name - but you think it can win the race.

What's it cost? A Win bet on your horse will cost you R1 - but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)... but you will get paid out 6 times the dividend if you win : 1 horse = 6 (take 6 times)

BETTING MADE EASY!

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Win on. Then give your horse number and the number of times you wish to take the bet (minimum 6 times). OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

NOTE: You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

LOOKING OUT FOR THE FUTURE OF EX-RACEHORSES

Our Mission

-  Dedicated to the safe & secure future of ex-racehorses
-  Each horse assessed for temperament & ability
-  Holistic re-schooling focused on ground work with basic riding
-  Only when ready, advertise for re-homing via social media
-  Applicants obliged to work with chosen horse prior to adoption
-  Re-homing process includes property inspection of future home
-  Ongoing monitoring of each re-homed horse
-  Run by volunteers, funded by donors
-  Western Cape Equine Trust is a Public Benefit Organization & may provide Tax Certificates
