"Form" is information!

The basic theory of form is that a horse's past performances are a good indicator as to how well it will run in the future. Your challenge, when studying form, is to answer the question:

"Given all this information, how will each horse perform today?"

The formline gives you literally hundreds of variables to ponder - and serious students of form are fascinated by all of it. To keep it simple, we suggest you stick to studying three main aspects to start with:

- 1. Finishing Position. Has the horse won recently? Has it placed recently? Does it consistently run unplaced?
- 2. Lengths Behind. When beaten, has the horse been well-beaten, or only narrowly-defeated?
- 3. Distance. Has the horse competed over today's race distance or reasonably similar distance before? If so, how did it do?

You can find your form in the official racecard, several commercially published formguides, or in the newspapers.

The All to Come het BETTING MADE EASY!

What is it? The All-To-Come allows you to take up to six Win or Place bets for the cost of just one original stake, If your first bet wins, all your winnings become your stake for the second bet. and so on. You must take a minimum of two bets. and a maximum of six. The bets must all be on the same racemeeting, but not necessarily consecutive races.

Why would I take one? Convenience plus the advantage of multiplying your stake value each time you win - for no extra cost!

What's it cost? R1- but you must take the bet a minimum of six times.

How do I ask for it? You must tell the tote operator which venue you are betting on and then the race number of your first bet. Choose a Win OR Place - not both - and specify the horse number. Then specify each race number you wish to bet on, and repeat the process.

Or... You can mark this bet on a Betmark card and hand it to a tote operator, Remember - specify the amount of your opening stake, minimum R6.

Future Events - From time to time TAB will operate a special ALL TO COME which will allow customers to include a bet on a selected race at a FUTURE race meeting. In these cases, the last grid of the card must be completed in the normal way with either FUTURE 1 or FUTURE 2 marked to denote the special event (watch press for details).

Scratchings: If a selected horse is scratched your stake is transferred to the next subsequent race.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

PREVIEW

There is only one horse with form in the race, 3 BLOWN AWAY will need to improve lengths from its debut run to be competitive here. There are some very well-bred horses, watch them in the parade ring and watch the market closely. (Brandon Bailey: 6 - 5 - 1 - 4)

What is it? To win a Bipot you must predict the winner or second-placed horse in all of the six consecutive races designated in the racecard as Bipot races.

Why would I take one? In a Pick 6, you have to predict six consecutive winners, whereas in the Bipot your selection can win or come second. In the Place Accumulator your selection can finish anywhere in the top three, but you must do that over seven consecutive races. The Bipot gives you an 'inbetween' alternative.

What's it cost? Your straight line Bipot will cost you R1 but must be taken six times to satisfy the minimum bet requirement. You may include more than one horse in any of the races i.e. a Permutation.

BETTING MADE EASY!

Costs:

Straight line = R1 (take six times) Easy permutation: 2 horses in each leg = R64

Tip: if you want to cut down the cost of your permutation, use Fractional betting e.g. R64 permutation taken for R25 will give you 39.06% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Bipot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR.... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race. as determined by the judges.

PREVIEW

9 BETWEEN THE LINES ran a lovely race on debut when finishing third behind Black Cheetah, she was very slow into stride out the gates and ran on well late, the market suggested that she is a filly that shows some good work at home, she will go very close to winning with natural improvement on the cards. The other two raced runners in the race will need to improve big time to be competitive. Again, there are many first timers in the race, watch them move down to the start and watch the market closely, that will be your best guide. (Brandon Bailey: 9 - 10 - 1 - 8)

PREVIEW

9 ENGLEFIELD GREEN really caught the eye behind Russian Royal when she finished second on the 23rd of November, her form is very good and she is highly rated by the stable, she will go every close to winning this race. 1 TUSCAN ROMANCE never runs a bad race, she tries hard, with a similar performance of her last start, she will be right there in the finish again. 10 FROM A DISTANCE needed her last run behind Hope Chest, she stayed on really well late, her form is faultless, and she will be very competitive here. 2 WINTERONTHEGREEN improved nicely in her last start, she is probably looking for a bit more ground in time, but she is progressive and could sneak into the Quartets at a decent price. (Brandon Balley: 9 - 1 - 10 - 2)

IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

PREVIEW

4 SAARTJIE would have needed her last run in the Summer Bowl where she was staying on strongly for third behind Double Grand Slam, she will love the 1800m trip, if she has made the necessary improvement back at home, she will be one of the better bets on the card. 1 RED PALACE was very disappointing in her last start, she had the run of the race and found nothing in the closing stages, she is far better than that performance and could easily win this race if she can put that last run behind her and bounce back to best form. 3 RAINBOW LORIKEET ran her absolute socks off last time behind Double Grand Slam, she has a striking turn of foot, include her into all bets. 5 GOLD POKER GAME has some decent form, she has a place chance here. (Brandon Bailey: 4 - 1 - 3 - 5)

Full unit versus Fractional betting

BETTING MADE EASY!

Full unit betting means that you pay the full cost of the bet you're taking and, if you win, you are entitled to the full dividend.

Fractional betting - as the name suggests - allows you to pay for just a fraction of the cost of the bet and, if you win, collect a corresponding fraction of the dividend.

Here's an example: Having looked at the form, there are 5 horses you fancy. You decide to box them in a Quartet. Your Easi-Calc tables tell you that, at full unit, this will cost R120. You only want to spend R60. That's what fractional betting allows - you box your 5 horses for R60 - that is 50% - and you will collect 50% of the dividend if you win.

NOTE: Fractional betting is only available on 6 bet types: *Trifecta, Quartet, Jackpot, Pick 6, Bipot, and Place Accumulator.*

Khaya Stables is proud to announce its ongoing support of Grooms by adding cash incentives for the feature season.

Grooms in the top
5 positions of all feature
races will receive cash
prizes. These awards
are poised to also
acknowledge and applaud
the pivotal role Grooms
play in the sport and
racing community.

We would like to acknowledge Khaya Stables for their continued support of Cape Racing and our grooms, the Unsung Heroes of the sport.

PREVIEW

3 GREEN GARNET fought hard all the way to the line last time behind Rich Folks Hoax when finishing second in a driving finish, he has had two runs now in the Western Cape and both starts were very good, this looks to be the perfect race for him to exit the maiden ranks from a good draw. 4 LANDOFTHERISMOSUN has always been held in high regard by the stable, he is a lovely looking gelding with some good form to his name, from a good draw here, he must have a good winning chance. 5 TUNGUSKA has been rested for 63 days, he is still improving, if he doesn't need the run badly, he could earn again for the connections. T TENPENNY made big improvement from run one to run two, from a good draw, he must be respected. (Brandon Balley: 3 - 4 - 5 - 1)

KNOT bet betting made easy!

What is it? In every racecard there will be 4 consecutive races designated as the 'Jackpot' races. Your job is to predict the winner of each of those races. As simple as that.

Why would I take one? Jackpot dividends are invariably larger than the sum of the Double dividends on the same races, and you want to participate in these lucrative payouts!

What's it cost? Your 'straight line' Jackpot (1 horse per leg) will cost you R1, but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning however, you can choose to include more than one horse in any of the races i.e. a Permutation.

Straight line (1 horse in each leg) = R1 (take 6 times) Easy permutation: 2 horses in each leg = R16 Easy permutation: 3 horses in each leg = R81

Tip: If you want to cut down the cost of your Jackpot permutation, use Fractional betting, e.g. an R81 permutation taken for R60 will give you 74,07% of the

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Jackpot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule...Does not apply to the Jackpot.

Scratchings: There are no refunds on scratchings. If a horse is scratched it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race. as determined by the judges.

PREVIEW

5 KAIBOY finished strongly for second behind Lion Rampart last time in the Listed World Sports Betting Sophomore Sprint, he is a horse packed with ability and class, with some luck in running up the straight at Hollywoodbets Kenilworth on Saturday afternoon, he will take lots of beating. 10 HANDSOME PRINCE is a beautiful looking gelding that caught the eye in his most recent start, he should be cherry ripe and there should be no excuses for him, include him into all bets. 6 WAR CHARIOT ran a cracker behind Gimmelightning on the 26th of November, he needs a particular ride and jocky JP vid Merve knows him well, if the race works out for him, he will be right there in the finish. 8 DUMBLEDORE is as honest as they come, with a similar performance of his last start, he can earn again. (Brandon Balley: 5 - 10 - 6 - 8)

The Place Accumulator bet BETTING MADE EASY!

What is it? To win a Place Accumulator you must predict horses that place in the top 3 in all of the 7 races designated in the racecard as 'Place Accumulator' races.

Why would I take one? This is a fun bet that's often played by individuals, office pools or mates at the races. Because your selection only has to run in the top 3, and not necessarily win the race, you have more of a chance to survive each leg and go on to collect some cash,

What's it cost? Your straight line Place Accumulator will cost you R1 but must be taken 6 times to satisfy the minimum bet requirement, You may include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line = R1 (take 6 times) Easy permutation: 2 horses in each leg = R128

Tip: If you want to cut down the cost of your permutation, use Fractional betting e.g. a R128 permutation taken for R60 will give you 46.87% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Place Accumulator bet, Then give your horse numbers stating clearly which horse numbers are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value, OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

PREVIEW

1 ONE STRIPE quickened up in devastating fashion last time to win the Grade 2 Cape Punters Cup, he is a star colt that will take lots of beating from a good draw. 2 GREAT PLAINS ran on powerfully to win going away at the line on the 2nd of November in the Grade 3 Cape Classic, he should improve lengths from that performance and must be respected. 6 EIGHT ON EIGHTEEN needed his last run badly behind One Stripe, he caught the eye late when running on for third, now that he is a fitter horse, he will be very competitive. 10 ALL OUT FOR SIX made his stable companion work hard for victory last time, he likes to ace up on speed, if the race works out for him from a wide draw, he could earn again for The One World Racing Syndicate in this Grade 1 event. (Brandon Bailey: 1 - 2 - 6 - 10)

PMUTATIONS BETTING MADE EASY!

How to calculate the cost...

A lady is about to dress for a day at the races, and she's fretting. What should she wear? Finally, she shortlists her options down to: 2 dresses, 7 pairs of shoes, 3 hats, and 5 handbags. This is a real help, because now she only has 210 possible ways to mix 'n match. She may even make it to the track on time for the main race!

210? How did we get that number? Simply by multiplying

2 (dresses) x 7 (shoes) x 3 (hats) x 5 (bags). Result = 210.

Calculate your Permutations the same way - count the number of selections you've made in each leg, and multiply to get the total combinations.

Here's a Jackpot example:

LEG 2	LEG 3	LEG 4
2	8	4
3	10	7
5	13	9
7	- 1	10
10		15
11		- 1
14		
	2 3 5 7 10	2 8 3 10 5 13 7 10 11

 $3 \times 5 = 210 \times R1 = R210$

Explanation: This Permutation results in 210 different straight line combinations.

PREVIEW

2 TRIPLE TIME was absolutely flying last time behind his stable companion Snow Pilot when he finished second, even though he will be better over further, he will be very competitive from a good draw. 6 FUTURE SWING is much better than his most recent start behind Daimyo, he drops back in trip to 1800m for this Grade 3 event, if he can build on his last performance, he will have a good each way chance. 4 OTTO LUYKEN will love the drop in trip, he is a big galloping individual that has no weight on his back, on his best form, he will have a good place chance. 5 MUCHO DINERO comes back to the races from a long break of 161 days, he is very talented on his day, if he doesn't need the run badly, he could sneak into the places. (Brandon Bailey: 2 - 6 - 4 - 5)

The **PiCK 6** bet

BETTING MADE EASY!

What is it? In every race card there will be 6 consecutive races designated as the 'Pick 6' races. Your task is to predict the winners of all of those races.

Why would I take one? The Pick 6 is the BIG ONE. This is the one to catch. Lots of money to be made on this bet. Predicting 6 consecutive winners is never easy but is well worth a flutter, often returning a dividend many times bigger than the Jackpot.

What's it cost? Your straight line (1 horse in each leg) Pick 6 will cost you R1, but you need to take it 6 times to meet the minimum bet requirement of R6. To increase your chances of winning it is advisable to include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line (1 horse in each leg) = R1 (take 6 times) Easy permutation: 2 horses in each leg = R64 Easy permutation: 3 horses in each leg = R729

Tip: If you want to cut down the cost of your Pick 6 permutation, use Fractional Betting.e.g. a R729 permutation taken for R60 will give you 8.23% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Pick 6 bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule in the Pick 6...If a horse that has not raced before wins a leg of the Pick 6, the first horse to finish of those in the race that has raced before will also qualify as a winner in the Pick 6.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

PREVIEW

3 ARCTIC WIZARD won a super race last time beating Fort Red in a good finish, he is a speedy colt that will try and lead them from start to finish here, watch him closely. 9 PLEASE BE TRUE has been rested and gelded, he should appreciate dropping in trip and racing up the straight at hollwoodbets Kenilworth, include him into all bet types. 1 PARATROOPER stayed on well for third in a very competitive race on the 26th of November, he will always have a good each way chance at this level. 8 TOUGH TERRAIN has dropped a few points in the ratings, he likes to switch off early and race towards the back of the field and then comes with a storming finish late, at his best, he can easily win a race like this at a good price. (Brandon Bailey: 3 - 9 - 1 - 8)

The Pick 3 bet betting made easy!

What is it? To win a Pick 3 you must predict the winners of any three consecutive races.

Why would I take one? You must apply the principle of risk and reward. Your Pick 3 is harder to win than a Double, but is therefore likely to return a bigger dividend. Then again, a Pick 3 is easier to win than a Jackpot...

What's it cost? Your 3-horse 'straight line' Pick 3 will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To improve your chance of winning, you can also take a 'Permutation' - several horses per leg.

'Straight line' = R1 (take 6 times)
Easy permutation: 2 horses in each leg = R8
Easy permutation: 3 horses in each leg = R27

How do I ask for it? You must tell the tote operator which venue you're betting on and then the race number of the first leg of the Pick 3 you wish to take. Then give your horse numbers stating clearly which horses are to be included in your first leg, second leg and third leg. End off by stating how many times you wish to take the bet, OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

No fractional betting.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.
