## The **Bipot** bet

What is it? To win a Bipot you must predict the winner or second-placed horse in all of the six consecutive races designated in the racecard as Bipot races.

Why would I take one? In a Pick 6, you have to predict six consecutive winners, whereas in the Bipot your selection can win or come second. In the Place Accumulator your selection can finish anywhere in the top three, but you must do that over seven consecutive races. The Bipot gives you an 'inbetween' alternative.

What's it cost? Your straight line Bipot will cost you R1 but must be taken six times to satisfy the minimum bet requirement. You may include more than one horse in any of the races i.e. a Permutation.

#### **BETTING MADE EASY!**

#### Costs:

Straight line = R1 (take six times)
Easy permutation: 2 horses in each leg = R64

Tip: if you want to cut down the cost of your permutation, use Fractional betting e.g. R64 permutation taken for R25 will give you 39.06% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Bipot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value, OR.... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

## The **Place** bet

What is it? To win a Place bet you have to choose a horse that you think will finish in the first two if there are six or seven runners; in the first three if there are eight to fifteen runners; or in the first four if there are sixteen or more runners.

Why would I take one? You fancy a particular horse ...but you are not sure that it can win the race. You therefore take the safer option and bet your money on a horse to run a Place.

What's it cost? A Place bet on your horse will cost you R1- but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)...but you will get paid out 6 times the

#### BETTING MADE EASY!

dividend if you win: 1horse = R1 (take 6 times)

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Place on. Then give your horse number and the amount you wish to spend. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

NOTE: You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

## The **Exacta** bet

#### BETTING MADE EASY!

**What is it?** To win an Exacta you have to predict two horses to finish first and second in the exact order.

Why would I take one? There are 2 horses in the race that you really fancy. You could take them as a Swinger - lower risk but also invariably a lower dividend. So you opt for the Exacta - harder to win than the Swinger, but will pay more if you do!

What's it cost? Your 2-horse 'straight line' Exacta will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning, you can also 'box'\* your 2 horses, or more than 2 horses. This will cost you:

2 horses 'straight line' = R1 (take 6 times) 2 horses 'boxed' = R2 (take 3 times) 3 horses 'boxed' = R6 4 horses 'boxed' = R12

\* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take an Exacta on. For a simple 'straight line' Exacta, give your horse number for 'first' followed by your horse number for 'second'. If you're boxing, simply call your numbers and specify that you want them boxed. End off by stating how many times you want to take the bet. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: If your horse is scratched, you will recieve a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

#### END RACE RESULT: **PREVIEW**

2 PRITTI UNITED has been rested for 67 days, he flew home late to run a cracking fourth behind Astronomical Boy on the 13th of September, he is a lovely colt with a great action, if he doesn't need this run back after a small break, he will go close to winning.

7 BARRY'S BOY has been rested and gelded, he stayed on well for fifth on debut at Hollywoodbets Greyville on the 3rd of August, he should improve nicely into his second start on Wednesday, watch him closely. 9 MEET THE KING moved up like a winner last time going through the last 300m of the race, unfortunately he didn't find much under pressure, and he had to settle for fourth behind Ignite. The Fire on the 29th of October, the drop in trip here will help his chances. 13 GALLIC KING ran a fair race at Hollywoodbets Kenilworth. on the 2nd of November, even though the wants more ground, he looks like a nice horse that will keep improving with every start, include him into all bets. Watch Number 12 (Give It Laldy) closely, he is well-bred, and he gets the services of top jockey Richard Fourie. (Brandon Balley: 2 - 7 - 9 - 13)

What is it? In every racecard there will be 4 consecutive races designated as the 'Jackpot' races. Your job is to predict the winner of each of those races. As simple as that,

Why would I take one? Jackpot dividends are invariably larger than the sum of the Double dividends on the same races, and you want to participate in these lucrative payouts!

What's it cost? Your 'straight line' Jackpot (1 horse per leg) will cost you R1, but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning however, you can choose to include more than one horse in any of the races i.e. a Permutation.

Straight line (1 horse in each leg) = R1 (take 6 times) Easy permutation: 2 horses in each leg = R16 Easy permutation: 3 horses in each leg = R81

Tip: If you want to cut down the cost of your Jackpot permutation, use Fractional betting, e.g. an R81 permutation taken for R60 will give you 74.07% of the het.

**How do I ask for it?** You must tell the tote operator which venue you're betting on and the fact that you wish to take a Jackpot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule...Does not apply to the Jackpot.

Scratchings: There are no refunds on scratchings. If a horse is scratched it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

#### PREVIEW

4 SKY PILOT ran a terrific race on debut at Hollywoodbets Kenilworth on the 8th of November, he was green early, and he certainly finished powerfully late behind Navaseven, he will love the step up in trip to 1400m, from a neat draw, he can win. 3 PERFECT IMPACT ran a much better race on the 29th of October, he stayed on beautifully for second behind Missi Summer, if he can build on that performance, he will go very close to winning a race like this. 5 TRIP TO CAMELOT has been rested for 73 days, he ran fifth on debut behind Demanding Dave on the 7th of September, there is no doubt that he will enjoy the step up in trip on Wednesday, watch him closely, there will be lots of improvement from his first run into his second run. 8 WHATWILLBEWILLBE ran a great race on debut at Hollywoodbets Durbanville on the 27th of September, he was only beaten just over four lengths by Primal Instinct, if he gets some luck in running from a bad draw, he will be competitive. (Brandon Bailey: 4 - 3 - 5 - 8)

#### **PREVIEW**

6 ROSE WOOTT only got going late last time, she finished fourth and was beaten just over two lengths by Boozy Susie on the 2nd of November, she will love the step up in trip to 1600m, from a decent draw, she has a good winning chance. 3 MS SAKURA has been rested for 179 days, there was lots of money around for this individual on debut, she ran a great race for second behind Dark Matter on the 24th of May, if she doesn't need the run back after a long break, she can definitely win. 2 LILTING SONG ran a good race from a wide draw last time, she was forced to do work early, and she stayed on well to finish just under three lengths behind Lady Veritas on the 25th of October, the blinkers have been fitted, and she has a good draw, watch her closely. 5 HER WORLD ran a much better race on the 25th of October, if she can bring that performance to the races on Wednesday, she can sneak into the places at a decent price. (Brandon Bailey: 6 - 3 - 2 - 5)

## The **PiCK 6** bet

#### BETTING MADE EASY!

What is it? In every race card there will be 6 consecutive races designated as the 'Pick 6' races. Your task is to predict the winners of all of those races.

Why would I take one? The Pick 6 is the BIG ONE. This is the one to catch. Lots of money to be made on this bet. Predicting 6 consecutive winners is never easy but is well worth a flutter, often returning a dividend many times bigger than the Jackpot.

What's it cost? Your straight line (1 horse in each leg) Pick 6 will cost you R1, but you need to take it 6 times to meet the minimum bet requirement of R6. To increase your chances of winning it is advisable to include more than one horse in any of the races i.e. a Permutation.

Costs:

Straight line (1 horse in each leg) = R1 (take 6 times) Easy permutation: 2 horses in each leg = R64 Easy permutation: 3 horses in each leg = R729

Tip: If you want to cut down the cost of your Pick 6 permutation, use Fractional Betting.e.g. a R729 permutation taken for R60 will give you 8.23% of the bet.

How do I ask for it? You must tell the tote operator which venue you're betting on and the fact that you wish to take a Pick 6 bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

First time runners rule in the Pick 6...If a horse that has not raced before wins a leg of the Pick 6, the first horse to finish of those in the race that has raced before will also qualify as a winner in the Pick 6.

Scratchings: There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

#### IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

PREVIEW

4 CHANCE ENCOUNTER never runs a bad race, he has been so consistent, the blinkers have been removed, there should be absolutely no excuses for this gelding on Wednesday, from a good draw, he can definitely win. 6 IN MOTION ran a cracker last time, he fought hard all the way to the line to run a great second behind Beware on the 8th of October, he is in good form at the moment, and he is still improving with every start, if he stays the 1600m trip, he will go close to winning, 5 TUNGUSKA has been rested and gelded, he was very disappointing on the 25th of May at Hollywoodbets Kenilworth, ignore that run completely, if he doesn't need the run after a long break, he will be competitive on his best form. 2 QUIET PLACE did everything right on debut, he stayed on well to finish just over two lengths behind Diogenes on the 18th of October, he can only improve, include him into all bets. (Brandon Bailey: 4 - 6 - 5 - 2)

What is it? To have a winning Quartet bet you have to predict the first 4 horses past the post in the exact order.

Why would I take one? You fancy 4 horses in the race that you think can win or place. You could take the 3 you most fancy as a Trifecta, but, it's a case of risk and reward. Predicting 4 finishing positions is more difficult than predicting 3 - but the dividend is correspondingly higher!

What's it cost? Your 4-horse 'straight line' Quartet will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning, you can 'box'\* your 4 horses, or more.

- 4 horses 'straight line' = R1 (take 6 times)
- 4 horses 'boxed' = R24
- 5 horses 'boxed' = R120

Tip: Use Fractional Betting to cut down the cost e.g. take this R120 boxed Quartet for R60 and you will get 50% of the bet.

\* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

**How do lask for it?** You must tell the tote operator which venue you're betting on and then which race number you wish to take a Quartet on. For a simple 'straight line' Quartet, give your horse number for 'first' followed by your horse numbers for 'second', 'third' and 'fourth'. If you're boxing, simply call your numbers and specify that you want them boxed. End off by stating the amount you wish to spend - 'Full Unit', or a lesser 'Fractional' rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

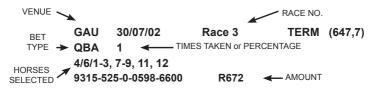

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

3 WORLD FIRST could be some serious value in this race, the bad draw at Hollywoodbets Durbanville on the 18th of October didn't help him at all, ignore that run completely, he gets a good draw on Wednesday, and he will love the step up in trip to 1950m, watch for sharp improvement from this beautiful gelding. 7 TIME HONORED ran a great race behind Joshua on the 25th of October, he ran third and was beaten just over one length at the line, the form of that race has worked out well, he definitely has a winning chance in this field. 9 GRERENCHOICE is as honest as they come, he stayed on well for third behind Konnichiwa on the 8th of November, he now steps up in trip, and he gets the 1.5kg apprentice claim off his back, he will be right there in the finish. 10 CASSANDRA has been rested for 91 days, her form in KwaZulu-Natal is good, if she can beat the tricky draw, she might be able to sneak into the Quartet. (Brandon Bailey: 3 - 7 - 9 - 10)

Tickets should be checked as follows:

### The **Trifecta** bet

#### BETTING MADE EASY!

**What is it?** To Win a Trifecta, you have to predict the first 3 horses past the post in the exact order,

Why would I take one? All indicators are that there are 3 outstanding horses in the race. You could take the 3 as a boxed Swinger, but the Trifecta dividend invariably pays out much more than all three individual Swinger dividends combined! More risk, more reward!

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Trifecta on. For a simple 'straight line' Trifecta, give your horse number for 'first' followed by your horse numbers for 'second' and for 'third'. If you're boxing, simply call your numbers and specify that you want them

boxed. End off by stating the amount you wish to spend - 'Full Unit', or a lesser 'Fractional' rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

What's it cost? Your 3-horse 'straight line'
Trifecta will cost R1 - but you must take it 6 times
to meet the minimum bet requirement. To increase
your chances of winning, you can 'box'\* your 3
horses, or more than 3 horses.

- 3 horses 'straight line' = R1 (take 6 times)
- 3 horses 'boxed' = R6
- 4 horses 'boxed' = R24
- 5 horses 'boxed' = R60

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

<sup>\* &#</sup>x27;Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

#### **PREVIEW**

8 POWERANDTHEGLORY showed tremendous heart to win a good race at Hollywoodbets Durbanville on the 29th of October, he was given five points for that win, the yard thinks highly of this gelding, he should improve even further now that he steps up in trip to 1400m, include him into all bets. 3 LITTLE SUZIE has been rested for 115 days, she ran a cracker in the Grade 2 Gold Bracelet at Hollywoodbets Greyville on the 27th of July, she ran second and was beaten just over two lengths by Rainbow Lorikeet, she is a top filly with lots of ability, there is no doubt that she can win a race like this from a neat draw. 2 HATS PRIDE needed his last run, it was great effort from him to finish fourth behind Native Ruler on the 2nd of November, he will be much fitter on Wednesday, watch him closely at a decent price. 9 HIS MAJESTY could be absolutely anything, top jockey Richard Fourie has been booked to ride this import. (Brandon Bailey. 8 - 3 - 2 - 9)

## The Win bet

**What is it?** You must predict the first horse past the post – that's it!

Why would I take one? You have studied the racing information, or maybe you fancy a horse for no reason other than its look or name - but you think it can win the race.

What's it cost? A Win bet on your horse will cost you R1- but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)... but you will get paid out 6 times the dividend if you win: 1horse = R1 (take 6 times)

#### **BETTING MADE EASY!**

How do I ask for it? You must tell the tote operator which venue you're betting on and then which race number you wish to take a Win on. Then give your horse number and the number of times you wish to take the bet (minimum 6 times). OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

NOTE: You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

#### IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

6 SAACHI ONE won a super race on debut at Hollywoodbets Durbanville, she quickened up smartly to win going away at the line, she should improve even further now that she steps up in trip to 1400m, with some luck in running, she can certainly win again. 4 TULIP FIELDS has been rested for 67 days, she stayed on well for fifth when beaten just over three lengths by Gimme What I Want on the 13th of September, she is still improving, include her into all bets. 1 LA LANDONNE ran a great race for second behind Dream Searcher on the 29th of October, she is in good form at the moment, and she gets a good draw on Wednesday, she will be competitive. 8 ACT OF GRACE didn't have much luck in running last time, she was taken up for a few strides in the straight, she will run a big race on her best form. (Brandon Bailey: 6 - 4 - 1 - 8)

## **HOW TO BET**

**DIFFERENT TYPES OF BETS** 

#### WIN

#### **EXACTA**

#### SWINGER

You're choosing the horse you think will WIN the race.

You're choosing the horses you think will finish 1st and 2nd in EXACT order.

You're choosing two horses to finish either 1st, 2nd, or 3rd – both horses must end up in the TOP THREE.

#### QUARTET

#### JACKPOT

#### PICK 6

You're choosing four horses (or more!) to finish in the top 4. If you choose the BOX option, the order they finish won't matter, as long as they're in the top 4.

The jackpot is made up of 4 pre-selected races, and you must pick the winner in each correctly to win.\*\*

(you can pick more than 1).

To win the Pick 6 you need to correctly select the winners of 6 pre-selected races on the day.\*\*

(the simplest way to bet on this is to choose 2 horses per race)

<sup>\*\*</sup> Check the info boxes next to each race in the race card to see whether the race is part of a Jackpot, Pick 6 etc.

#### HOW TO PLACE YOUR BET

This is the NB info you need to include:

Race course

Bet type

Race number

Amount of your bet

Horse number

#### T®TE

Swinger

Race 3

Horse number 1, 4 and 7\*

\*Note, NOT betting advice, for example only

#### **HOW MUCH DOES A BET COST?**

Just a R6 minimum! (R2 minimum for a Swinger)

#### **HOW DO PAYOUTS WORK?**

Have you won? Take your winning betslip to a Tote counter and the operator will scan it through the terminal - the winnings will be calculated based on the odds and pool of that race.

#### IMPORTANT TO REMEMBER

You have until the start of the race (or group of races) to get your bets in.

ALWAYS CHECK YOUR TICKET BEFORE LEAVING THE COUNTER TO MAKE SURE IT'S CORRECT.
