## HORSE WEIGHTS (PPW)

Current horse weight with colours to indicate variance from Peak Performance Weight (PPW)

**PPW** or Peak Performance Weight is the average weight for up to the last 5 runs where horse finish from 1 to 4. At least 2 runs finishing in the top 4 are required to calculate.

# The Bipot bet

**What is it?** To win a Bipot you must predict the winner or second-placed horse in all of the six consecutive races designated in the racecard as Bipot races.

**Why would I take one?** In a Pick 6, you have to predict six consecutive winners, whereas in the Bipot your selection can win **or** come second. In the Place Accumulator your selection can finish anywhere in the top three, but you must do that over **seven** consecutive races. The Bipot gives you an 'in-between' alternative.

**What's it cost?** Your straight line Bipot will cost you R1 but must be taken six times to satisfy the minimum bet requirement. You may include more than one horse in any of the races i.e. a Permutation.

## BETTING MADE EASY!

Costs:

**Straight line = R1 (take six times)**

**Easy permutation: 2 horses in each leg = R64**

Tip: if you want to cut down the cost of your permutation, use Fractional betting e.g. R64 permutation taken for R25 will give you 39.06% of the bet.

**How do I ask for it?** You must tell the tote operator which venue you're betting on and the fact that you wish to take a Bipot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value, OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

**Scratchings:** There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totalisator favourite.

**Note:** Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

RESULT:

PREVIEW

SWEET GREEN (11) caught the eye on debut and can go one better. HERO'S JOURNEY (10) nearly won on debut and will be a huge danger to the first choice. PREACHER MAN (2) can improve to get way closer and ONE SPIRIT (12) could be absolutely anything - watch the betting. (Warren Lenferna 11-10-2-12)

The Place bet

BETTING MADE EASY!

What is it?

To win a Place bet you have to choose a horse that you think will finish in the first two if there are six or seven runners; in the first three if there are eight to fifteen runners; or in the first four if there are sixteen or more runners.

Why would I take one?

You fancy a particular horse ...but you are not sure that it can win the race. You therefore take the safer option and bet your money on a horse to run a Place.

What's it cost?

A Place bet on your horse will cost you R1- but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)....but you will get paid out 6 times the

dividend if you win: 1horse = R1 (take 6 times)

How do I ask for it?

You must tell the tote operator which venue you're betting on and then which race number you wish to take a Place on. Then give your horse number and the amount you wish to spend. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

NOTE:

*You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.*

TOTE

RACE COAST

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

IMPORTANT NOTICE

Patrons are reminded that the picture displayed by GallopTV of race finishes is NOT the official race result until such time as the Judges post their findings and the "All Clear" is given.

## END RACE

RESULT:

## PREVIEW

SWIFT SERENITY (4) can do way better than the last run - her penultimate effort was good and she bumps a shallow field. FAST TRAIN (7) let his backers down last time but if bouncing back to the penultimate run, will go close. DIFFERENT WORLD (6) and MRS SHACKLETON (9) are non-negotiables for the quartet perms. PREVIEW

CANTONA (8) despite going off at huge odds-on debut and nearly won - with natural progression, she should be hard to beat. FLEUR DE VILLE (1) is testing the patience and taking time to win but should do so soon - strong place chance. GALACTUS (10) can improve in this field and place. SECRET TACTIC (2) will not have to be too good to finish in the first four in this. Respect and include. (Warren Lenferna 8-1-10-2)

# The Pick 6 bet

**BETTING MADE EASY!**

**What is it?** In every race card there will be 6 consecutive races designated as the 'Pick 6' races. Your task is to predict the winners of all of those races.

**Why would I take one?** The Pick 6 is the BIG ONE. This is the one to catch. Lots of money to be made on this bet. Predicting 6 consecutive winners is never easy but is well worth a flutter, often returning a dividend many times bigger than the Jackpot.

**What's it cost?** Your straight line (1 horse in each leg) Pick 6 will cost you R1, but you need to take it 6 times to meet the minimum bet requirement of R6. To increase your chances of winning it is advisable to include more than one horse in any of the races i.e. a Permutation.

Costs:

**Straight line (1 horse in each leg) = R1 (take 6 times)**  
**Easy permutation: 2 horses in each leg = R64**  
**Easy permutation: 3 horses in each leg = R729**

Tip: If you want to cut down the cost of your Pick 6 permutation, use Fractional Betting.e.g. a R729 permutation taken for R60 will give you 8.23% of the bet.

**How do I ask for it?** You must tell the tote operator which venue you're betting on and the fact that you wish to take a Pick 6 bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend - Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

**First time runners rule in the Pick 6...***If a horse that has not raced before wins a leg of the Pick 6, the first horse to finish of those in the race that has raced before will also qualify as a winner in the Pick 6.*

**Scratchings:** *There are no refunds on scratchings. If a horse is scratched in any leg it is automatically replaced with the Totallisator favourite.*

**Note:** Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

PREVIEW

FERRYMAN (11) caught the eye first up and should have tightened up from the run and the experience. If this is the case, he will be hard to beat. Stable companion BOURBON KING (7) has tons of scope to improve on debut run - place claims. CEDAR POINT (9) has each way claims and seems to have some ability - big chance. WHATWILLBEWILLBE (1) cannot be ignored - he has a first four chance. (Warren Lenferna 11-7-9-1)

# The Jackpot bet

BETTING MADE EASY!

**What is it?** In every racecard there will be 4 consecutive races designated as the 'Jackpot' races. Your job is to predict the winner of each of those races. As simple as that.

**Why would I take one?** Jackpot dividends are invariably larger than the sum of the Double dividends on the same races, and you want to participate in these lucrative payouts!

**What's it cost?** Your 'straight line' Jackpot (1 horse per leg) will cost you R1, but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning however, you can choose to include more than one horse in any of the races i.e. a Permutation.

**Costs:**  
**Straight line (1 horse in each leg) = R1 (take 6 times)**  
**Easy permutation: 2 horses in each leg = R16**  
**Easy permutation: 3 horses in each leg = R81**

Tip: If you want to cut down the cost of your Jackpot permutation, use Fractional betting. e.g. an R81 permutation taken for R60 will give you 74.07% of the bet.

**How do I ask for it?** You must tell the tote operator which venue you're betting on and the fact that you wish to take a Jackpot bet. Then give your horse numbers stating clearly which horses are to be included in each leg. End off by stating the amount you wish to spend – Full Unit, or a lesser Fractional rand value. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

*First time runners rule...Does not apply to the Jackpot.*  
*Scratchings: There are no refunds on scratchings. If a horse is scratched it is automatically replaced with the Totalisator favourite.*

---

**Note:** Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

IMPORTANT NOTICE

Patrons are reminded that the picture displayed immediately after the running is NOT the official race result until such time the Judges post their findings and the "All Clear" is given.

| VIVA'S LIBERTE (7) has caught the eye and is clearly above average. He is the firm first choice. POMP IT UP (6) has won two from four and very progressive - can win. NORDIC CHIEF (3) ran an absolute cracker last time when nearly winning and will be competitive again. PLEASE BE TRUE (4) is never far off and has quartet claims. (Warren Lenferna 7-6-3-4) |

| RATTLESNAKE (6) has solid form, nearly won last time and is the first suggestion. MOODY BLUE (7) is another whom nearly won last time and should be right there at the finish - big runner. PARENTAL GUIDANCE (8) gets Richard Fourie and a bright place chance. CATCH A PENNY (9) has run fourth in her last two and can be expected to get way closer today - chance. # The **Exacta** bet

**BETTING MADE EASY!**

**What is it?** To win an Exacta you have to predict two horses to finish first and second in the exact order.

**Why would I take one?** There are 2 horses in the race that you really fancy. You could take them as a Swinger - lower risk but also invariably a lower dividend. So you opt for the Exacta - harder to win than the Swinger, but will pay more if you do!

**What's it cost?** Your 2-horse 'straight line' Exacta will cost R1 - but you must take it 6 times to meet the minimum bet requirement. To increase your chances of winning, you can also 'box'\* your 2 horses, or more than 2 horses. This will cost you:

- 2 horses 'straight line' = R1 (take 6 times)
- 2 horses 'boxed' = R2 (take 3 times)
- 3 horses 'boxed' = R6
- 4 horses 'boxed' = R12

\* 'Box' means to 'scramble' your selections so that all combinations are running for you. Each combination costs R1.

**How do I ask for it?** You must tell the tote operator which venue you're betting on and then which race number you wish to take an Exacta on. For a simple 'straight line' Exacta, give your horse number for 'first' followed by your horse number for 'second'. If you're boxing, simply call your numbers and specify that you want them boxed. End off by stating how many times you want to take the bet. OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.

## PREVIEW

BLACK CHEETAH (2) has ability and is never far off the action. He could be the value here and is therefore the each way choice. GOLD GIBOSKI (8) boasts good and useful form and might well be the one they all have to fear the most. EMPIRE STATE (4) ran so well last time, he has to be considered for the shortlist and THREE TIGERS (6) should be in the first four.

PREVIEW

ALLTHEBOYSIVELOVED (4) ran a much better race last time and could be the lurker and value in this. GIRL LIKE US (9) is holding form and can be given serious each way claims. RIKKITIKKITAVI (6) can be expected to serve up way better than last time. Place chance. SUPREME FATE (5) is a natural inclusion for the quartet. (Warren Lenferna 4-9-6-5)

PREVIEW

MONEY EXTRACTOR (11) has a bright chance based on her good penultimate run. MIGHTY MARY (10) now gets the services of Richard Fourie and she can surely do way better than she has in her last two? LA LANDONNE (6) is the place value selection and MEG'S LEGACY (7) can pop up and earn - quartet value. (Warren Lenferna 11-10-6-7)

# The Win bet

**What is it?** You must predict the first horse past the post – that's it!

**Why would I take one?** You have studied the racing information, or maybe you fancy a horse for no reason other than its look or name - but you think it can win the race.

**What's it cost?** A Win bet on your horse will cost you R1 - but remember, the minimum amount you may spend is R6. You will therefore have to take the bet at least 6 times (i.e. 6 bets)... but you will get paid out 6 times the dividend if you win : 1 horse = R1 (take 6 times)

## BETTING MADE EASY!

**How do I ask for it?** You must tell the tote operator which venue you're betting on and then which race number you wish to take a Win on. Then give your horse number and the number of times you wish to take the bet (minimum 6 times). OR... You can mark this bet on a Betmark Card and hand it to the tote operator.

**NOTE:** You can also take an 'Each Way' or 'Win-Place' bet on your horse. This means you back it for Wins and Places simultaneously and in equal amounts. So, "R10 each way" on your horse means 10 Wins and 10 Places, and costs R20.

Scratchings: If your horse is scratched, you will receive a full refund.

Note: Dividends are paid out in respect of the official finishing position in each race, as determined by the judges.
